## OBJECTIVE

To secure a challenging position as a Full Stack Developer, where I can leverage my expertise in building scalable web applications using Node.js, React, Express, and MongoDB. I aim to contribute to the development of innovative solutions while enhancing my skills in full-stack development and contributing to the success of the organization.

## SKILLS

- HTML, CSS, JAVASCRIPT
- React JS
- Node JS
- Express JS
- Mongo DB

## INTERNSHIPS

Octanet Pvt Ltd | Online Internship | [June, 2024] - [July, 2024] Designed and developed responsive web pages using HTML, CSS, and JavaScript. Tested and debugged applications to enhance performance and user experience. Gained hands-on experience in web development best practices and project workflows.

## PROJECTS

### Quiz App

Developed a dynamic quiz application using React for the front end and Express for the back end. Integrated an external API to fetch questions and answers, enabling real-time data retrieval and seamless user interaction. The app features a responsive design, smooth navigation, and functionality for tracking user scores.

### User Login System

Designed and implemented a user login system using React, Express, and MongoDB. The form allows users to securely input their data, which is

validated and stored in a MongoDB database. Utilized React for building an interactive and responsive front-end interface, Express for handling server-side logic, and MongoDB for efficient data storage.
